# Disney Live Entertainment

## A World of Possibilities

Welcome to a world of magic, brought to life through technical wizardry, performance excellence, unparalleled spectacle and a dash of pixie dust!

Disney Live Entertainment produces experiences from the intimate to the spectacular, touching the hearts and minds of our Guests. Whether it's a personal connection with a beloved Disney character or a collective gasp during the most epic of nighttime shows, it's all made possible by a world-class group of dedicated entertainment professionals. Our team represents nearly 100 disciplines, from costumers, designers and technicians to stage managers and performers.

You're invited to join our global team of creative, motivated individuals, bringing the magic to life the world over.

## DISNEYLAND RESORT

Walt Disney's original park in Anaheim, CA, has grown to encompass two theme parks, three resort hotels and the Downtown Disney shopping, dining and entertainment district.

## WALT DISNEY WORLD RESORT

Located near Orlando, FL, Walt Disney World Resort is the largest Disney property on Earth, with opportunities all across its 43 square miles of theme parks, resorts and more.

## AROUND THE WORLD

In Shanghai, Paris, Hong Kong, Hawaii and Tokyo, our shows dazzle and delight our Guests with incredible experiences.

## DISNEY CRUISE LINE

From spectacular itineraries to unrivaled entertainment, the Disney Cruise Line fleet of ships provide an experience that simply can't be found anywhere else at sea.

# Opportunities in Technical Support

Become part of a team of professionals that makes possible dozens of live shows, parades and spectacles across Disney Parks and Resorts. Every day as a Stage Technician is different, allowing you to grow your career and gain experience with the most up-to-date technology.

Our Stage Technicians work in a variety of disciplines:

## AUDIO

Candidates should have experience operating digital consoles, mixing live bands, working with a wide variety of speaker systems and setting up wireless and wired microphones.

## LIGHTING

Candidates should have experience hanging and focusing various types of fixtures, operating a spotlight, programming and operating consoles and performing maintenance on various types of fixtures including moving lights.

## PUPPET REPAIR & PROPS

Candidates should have experience with making molds, pattern making, mixing paints and fabric dyes, repairing various types of puppets and running shows.

## PYROTECHNICS

Candidates should have experience handling and loading 1.3 and 1.4 pyrotechnics and setting up and operating pyrotechnics systems.

## RIGGING

Candidates should have experience assembling truss, hanging and maintaining chain motors, basic understanding of load calculations and operating motor control systems.

## SHOW CONTROL

Candidates should have experience working with show automation, computer networks, computer programming and live show operation.

## VIDEO

Candidates should have experience installing and maintaining projectors, video playback software, camera operation, projection mapping and switching in a live environment.

## WAREHOUSE OPERATIONS

Candidates should have experience operating forklifts and driving box trucks, knowledge of various types of entertainment equipment and the ability to troubleshoot and repair various types of entertainment equipment.

# There's a World of Opportunity!

## PROFESSIONAL INTERNSHIPS

We offer unique opportunities at our sites in Orlando, Anaheim and Glendale, for students seeking hands-on experience while contributing to a world-renowned company and learning from experts in your field. Internships are available in Art Design, Costuming, Creative Development, Production, Show Writing, Talent Casting, Technical Direction and Technician roles. For more information, visit [disneyinterns.com](http://disneyinterns.com).

## PERFORMANCE ROLES

We employ thousands of Performers around the world and actively cast year-round for roles in live stage shows, parades and more. For information on upcoming auditions for Disney Parks visit, [disneyauditions.com](http://disneyauditions.com).

## STAGE MANAGEMENT

We are looking for proven leaders with the craft skill knowledge to identify and maintain creative intent and excellent show quality. Our Entertainment Managers function in the capacity of both Stage Manager and Company Manager, balancing the needs of our Cast, Guests and business priorities in a fast-paced environment. Professional opportunities are available at [disneycareers.com](http://disneycareers.com).

REAR ELEVATION

# Opportunities in Costuming

Join the Disney Costuming team, responsible for the largest working wardrobe in the world, providing the fully-themed looks and costumes that help bring Disney stories to life.

Our costumes appear on Cast Members, Performers and Characters, as well as in behind-the-scenes areas our Guests never see.

Our Costuming team hires for a variety of roles:

## COSTUME ASSISTANT

Candidates should have or be working towards an Associate or Bachelor's degree in Fashion and Textile Design, Fashion Merchandising or Theatre Arts. In this role, you will support the Costumer team and tasks could include hand sewing, craft skills, fabric dyeing and set up and dressing of costumes at rehearsals, special events and conventions.

## COSTUME CAM SPECIALIST

Candidates must have a thorough working knowledge of cutting, pattern making and garment construction. In this role, you could develop patterns from costume design sketches by draping, flat patterning or computer-assisted patterning. You could also be creating tech packs or digitizing and grading patterns, as well as creating markers using specialized computer software.

## COSMETOLOGIST

Candidates should possess a valid Florida Cosmetologist license and have the ability to wash and set wigs and recreate complex styles from a photo. In this role, you could also assist Performers with their makeup needs.

TOP

## GARMENT CUTTER

Candidates should have experience in cutting custom garments using different types of cutting equipment. This role requires experience with press equipment.

## SEWING SPECIALIST

Candidates should have experience in one or more of the following areas: garment productions, millinery, pattern making or alternations. This role requires experience with industrial sewing machines and press equipment.
