

Jedi Training: Trials of the Temple

Script:

All right everyone, listen to me. It is time for our first Jedi Trial. There is a Jedi temple hidden somewhere around here that is supposed to be filled with mysteries. Master said it could be dangerous so we must be prepared.

(Holds up a lightsaber.)

This is a lightsaber. A lightsaber is not as clumsy or random as a blaster - it was an elegant weapon from a more civilized age.

If you do need to engage in combat, I'll show you the best moves to defend yourself. You'll be striking your opponent's Left shoulder, then your opponent's Right shoulder. Then straight down to the head.

For over 1000 generations, the Jedi Knights were the guardians of peace and justice -- it's our turn now...

All together now - Ready Position! Right shoulder, left shoulder, and cut to the head.

Good. Sabers down! You're all really getting this. We may pass the trial yet.
